Subject: Pesach “Passover” and Easter Fire Safety

Contact: Vincent J. Vitiello, Administrator 732-364-5151

Pesach “Passover” and Easter Fire Safety

With the Pesach and Easter season upon us the Lakewood Board of Fire Commissioners in conjunction with Fire Chief Mike D’Elia Jr., Fire Prevention Coordinator Jacob Woolf, and the members of the Lakewood Fire Department remind the community to be mindful of the following hazards to ensure a fire safe Holiday.

- Self-Clean Ovens – Ovens should be pre-cleaned well before turning on the self-clean cycle. NEVER leave your home while the oven is self-cleaning.
- Covering the Stove Top – NEVER cover any vents. Leave all vents open to allow heat to escape. Failure to do so may damage your oven and cause a fire.
- Setting up the Stove Top – The *Blech* (metal stove top cover) should be positioned to allow heat to escape on all sides. Many people keep a burner on for the duration of the Holiday. Should you do so, it is preferable to choose a back burner. When not in use, it is a good idea to keep a pot of water over the lowered flame to serve as visual reminder. A safer method of cooking is to use an electric burner. These can be placed directly on your *Blech* and can be used with an appropriate U.L. approved heavy duty timer as well. You will avoid any potential carbon monoxide buildup and it will only be on when needed.
- Cooking – When cooking, roll up your sleeves and avoid wearing loose fitting clothing that can easily catch fire. Do not reach over burners and other hot surfaces. Keep all flammable items (dishtowels, curtains, etc.) at least three feet from the range top. Always turn pot handles inward to prevent young children from pulling down a hot pan. Remain in the

kitchen and keep an eye on the stove or oven. Unattended cooking remains a leading cause of home fires.

- Frying – When frying, it is important to keep children away from the stove and other cooking elements. Use the back burners so they are out of the reach of children. When reheating fried foods, be careful of the oil that is in the food as it reheats, since it can cause severe burns. In the event of a grease fire, smother the flames with a lid only if it is possible. Do not use water to extinguish a grease fire as this will just increase the size of the fire. Do Not Hesitate to Immediately Call 911.
- Appliances – Keep all appliances away from the edge of the counter and all wires safely out of reach, especially when children are around. Leave ample space around any appliances to allow air to circulate and minimize the buildup of heat. PLEASE MAKE SURE YOUR APPLIANCES ARE U.L. COMPLIANT AND THAT THEY ARE IN OPTIMAL CONDITION. An appropriate U.L. approved heavy duty timer may be used with hotplates, crock pots, etc. Speak to your Rav, *before* Pesach, if you need further *Halachic* clarification on using timers.
- *Yahrzeit* Candles (Memorial Candles) – Place these in safe stable holders and on sturdy nonflammable surfaces, at least three feet away from flammable materials and in a location where they cannot be knocked over or something can fall on top of them. Do not leave children unattended in a room with lit candles, and do not display lighted candles in windows or near exits in case you need these to escape. Never leave burning candles unattended and keep matches, lighters and lit objects away from children.
- *B'Dikas Chometz* (Search for the Bread) – Be mindful of the candle flame as you are searching! Keep away from curtains, sofas, clothing, etc. Make sure the candle is completely extinguished before placing it aside. According to many *Poskim* (Halachic Authorities) a flashlight or the room's ceiling fixture may be used. It's safer to use a flashlight to search in those smaller, tighter areas.
- *Biur Chometz* (Burning of the Bread) – Only use a pre-designated and authorized *Biur Chometz* site which will be available from 7:30 a.m. to 12:00 p.m. Refer to “The Lakewood Scoop” for final confirmation of this year's sites as tentatively reflected below:
 - Patrick Park - Vine Street
 - Synagogue - Sunset Road
 - BMG - 7th Street & Private Way
 - BMG- 10th Street & Clifton Avenue
 - Frank Bartolf Park-Brook Road
 - Blue Claws Parking Lot
 - D'zio Park / Harmony Park
- Calling the Fire Department on the Holiday or *Shabbos* – NEVER hesitate to call the fire department even for the slightest suspicion of danger. What may appear to the uneducated to

be “nothing” may, in fact, be deadly. Call your *Rav* for clarification, if you must, *BEFORE Pesach*. Once a situation arises, it is too late to start debating *Halacha*.

- PLEASE MAKE SURE YOU HAVE *WORKING SMOKE ALARMS AND CARBON MONOXIDE DETECTORS IN YOUR HOME*. At a minimum, smoke alarms should be located outside each separate sleeping area and on every floor of one’s home. Place a carbon monoxide detector *outside each* sleeping area in the home.
- Review, the principles of “STOP, DROP and ROLL” which are simple: STOP – do not run if your clothes catch on fire. DROP – to the ground and cover your face. ROLL – continue to roll to smother the fire.

The Lakewood Fire Department wishes all of Lakewood a Safe, Happy and Kosher Pesach as well as a Happy Easter!
