

LAKWOOD FIRE DEPARTMENT
STANDARD OPERATING GUIDELINES

SOG NUMBER: 301.13	EMERGENCY OPERATIONS
DATE IMPLEMENTED: MAY 14, 2018 DATE REVISED: FEBRUARY 14, 2019	TITLE: APPARATUS/VEHICLE IDENTIFICATION

PURPOSE:

These provisions are promulgated and designed to enhance firefighter safety by providing a structured approach for communication among fire personnel operating at emergency incidents. These provisions shall also apply to communications between fire personnel and dispatch as well as to all documentation as specified herein.

SCOPE:

This guideline shall apply to all personnel.

GENERAL:

All LFD apparatus/vehicles will be identified by their function or type of apparatus/vehicle and not solely by their numeric designation. This shall apply to all radio transmissions as well as all forms of documentation including Company Reports, NFIRS, maintenance records, etc.

When responding on requests for Mutual Aid or Automatic Aid, all unit designations will be preceded with "Lakewood."

Every effort shall be made to transmit messages using clear, concise, plain language and uniform terminology.

The provisions specified with this SOG are meant to be implemented in accordance with those provisions reflected in other LFD SOG's, including but not limited to:

- SOG 301.01 – Incident Command System
- SOG 301.02 – Fireground Operations
- SOG 301.04 – Personnel Accountability System
- SOG 301.05 – Mayday & Urgent Requests
