FIRE SAFETY AND PREVENTION PLANNING

On Friday, January 21, 2022 the Lakewood Fire District hosted a Fire Safety and Prevention Planning meeting with representatives of the recently formed Safety Committee of Covington Village. The day's meeting was the result of month's long work and a joint effort by the Covington Village Safety Committee, along with the Lakewood Fire Prevention Program and the Ocean County Fire Marshal's Office, in compiling a Resident Emergency Information Directory. This important directory will greatly assist first responders in times of emergency, especially where it comes to the safety and needs of the residents. In attendance were Committee Members Terry McEllen, Pat Swan, and Kathy Coleman, Fire Commissioner Larry Loigman, Fire Chief Jonathan Yahr, Deputy Fire Marshal Zachary Sharp, and Fire Prevention Coordinator Jacob Woolf.

The Lakewood Board of Fire Commissioners, in conjunction with Fire Chief Jonathan Yahr, and Fire Prevention Coordinator Jacob Woolf, cannot overemphasize the benefits of community involved fire safety education and prevention. For assistance in forming a safety committee or to arrange an educational presentation in your own neighborhood or development please contact the Fire Prevention Hotline at 732.364.5151 ext. 2 or email us at fireprevention@lakewoodfd.org.
