

Ocean County Office of the Fire Marshal

Lag B'Omer Bon Fire Permit Guidelines

Below you will find some simple steps that the Fire Marshal's Office created in an effort to help us ensure that we can assist you in celebrating this holiday in safest manner possible again this year.

- A permit application must be fully filled out and submitted to the Ocean County Fire Marshal's Office along with the permit fee of \$54 a minimum of 72 hours prior to the proposed event.

NOTE: *A unpaid permit fee will cause the Fire Marshal to cancel the event.*

- The size of the bon fire may be no larger than 5' x 5' x 5'.
- Bon Fires must be kept a minimum of 50' from any building, structure or combustible / flammable materials.
- All participants attending the bon fire must remain a safe distance from the fire at all times.
- Fuel for bon fires may only be seasoned dry wood.
- Bon fires can be ignited by the use of a small quantity of paper or cardboard only.

NOTE: *The use of any type of any type of flammable liquid is strictly prohibited and may result in the fire being extinguished and the permit being revoked.*

- An adult must be present to ignite the fire. The adult shall remain present during the event and for a minimum of 30 minutes after extinguishment to ensure the fire is out.
- The ignition time of the bon fire you submit to us must be adhered to. With multiple events taking place in various locations of the town our staff are scheduled by time slots. Changing your event time by more than a half hour may result in the permit not being approved.
- An approved way of controlling and or extinguishing the fire must be in place prior to the ignition of the bon fire. We recommend the use of a garden hose.

Please print the name of the adult to be present:

DANIEL P. MULLIGAN
CHIEF FIRE MARSHAL

OCEAN COUNTY OFFICE OF THE FIRE MARSHAL

SPECIAL ASSISTANCE/ACCOMMODATIONS available, please call (732) 349-2010 (V/TTY)

TYPE 1 PERMITS

- i. Bonfires.
- ii. The use of a torch of flame-producing device to remove paints from, or seal membrane roofs on, any building or structure.
- iii. The occasional use of any non-residential occupancy other than Use Groups F, H or S for group overnight stays of persons over 2 ½ years of age, in accordance with N.J.A.C. 5:70-3, the State Fire Prevention Code, Section 408.14.
- iv. Individual portable kiosks or displays when erected in a covered mall for a period of less than 90 days and when not covered by a Type 2 permit.
- v. The use of any open flame or flame-producing device, in connection with any public gathering, for purpose of entertainment, amusement, or recreation.
- vi. Welding or cutting operations except where the welding or cutting is performed in areas approved for welding by the Fire Official and are registered as a Type B life hazard use.
- vii. The possession or use of explosives or blasting agents, other than model rocketry engines regulated under N.J.A.C. 12:194.
- viii. The use of any open flame or flame-producing device in connection with the training of non-fire service personnel in fire suppression or extinguishment procedures.
- ix. The occasional use in any building of a multi-purpose room, with a maximum permitted occupancy of 100 or more for amusement, entertainment or mercantile type purpose.
- x. The storage or handling of Class I flammable liquids in closed containers of aggregates amounts of more than 10 gallons, but not more than 660 gallons inside a building, or more than 60 gallons, but not more than 660 gallons outside a building.
- xi. The storage or handling of Class II or IIIA combustible liquids in closed containers of aggregate amounts of more than 25 gallons, but not more than 660 gallons inside a building or more than 60 gallons, but not more than 660 gallons outside a building.
- xii. Any permanent cooking operation that requires a suppression system in accordance with N.J.A.C. 5:70-4.7(g) and is not defined as a life hazard use in accordance with N.J.A.C. 5:70-2.4.
- xiii. The use as a place of public assembly, for a total of not more than 15 days in a calendar year, of a building classified as a commercial farm building under the Uniform Construction Code.
- xiv. The temporary use of any building or portion thereof as a special amusement building for a total of not more than 15 days in a calendar year.
- xv. The erection, operation, or maintenance of any tent, tensioned membrane structure, or canopy, excluding those used for recreational camping purposes, that meets the criteria in (a)3xvi (1) or(2) below shall require a Type 1 permit. Tents, tensioned membrane structures, or canopies greater than 16,800 square feet in area and greater than 140 feet in any dimension, whether one unit or composed of multiple units; remaining in place for more than 180 days; used or occupied between December 1 and March 31; having a permanent anchoring system or foundation; or containing platforms or bleachers greater than 11 feet in height shall be subject to the permitting requirements of the Uniform Construction Code (N.J.A.C. 5:23-2.14).
- xvi. The erection, operation, or maintenance of any outdoor combustible maze shall require a Type 1 permit if the outdoor combustible maze is less than six feet in height and does not contain electrical equipment. Outdoor combustible mazes that are six feet or greater in height or contain electrical equipment shall be subject to permitting requirements of N.J.A.C. 5:23-2.14.
- xvii. The use of any A-4 use, place of worship, as a shelter with a maximum permitted occupant load of 14 persons, for 14 or fewer consecutive days, for not more than 49 days in a year in accordance with Section 408.15 of the State Fire Prevention Code.
- xviii. Unoccupied or vacant building or structure 2,500 square feet or more, but less than 12,000 square feet, in gross floor area.

TYPE 2 PERMITS

- i. Bowling lanes resurfacing and bowling pin refinishing involving the use and application of flammable liquids or materials.
- ii. Fumigation or thermal insecticide fogging.
- iii. Carnivals and circuses employing mobile enclosed structures used for human occupancy.
- iv. The use of a covered mall in any of the following manners:
 - (1) Placing or constructing temporary kiosks display booths, concession equipment or the like in more than 25% of the common area of the mall.
 - (2) Temporarily using the mall as a place of assembly.
 - (3) Using open flame or flame devices.
 - (4) Displaying liquid or gas fueled powered equipment.
 - (5) Using liquefied petroleum gas, liquefied natural gas, and compressed flammable gas in containers exceeding five-pound capacity.
- v. Storage outside of buildings of LP-gas cylinders or other compressed gas containers when a part of a cylinder exchange program.
- vi. Unoccupied or vacant buildings or structures 12,000 square feet or more, but less than 100,000 square feet in gross floor area.
- vii. The use of any building or portion thereof previously registered as a Life Hazard Use for mercantile purposes on a temporary basis.
 - (1) Exception: No permit shall be required for any mercantile use registered as a Life Hazard Use.
- viii. The storage or retail sale of sparkling devices and novelties in any temporary or permanent structure, when the pyrotechnic content exceeds 125 pounds; as defined in Section 202, and shall comply with Section 5609, and NFPA 1124.

TYPE 3 PERMITS

- i. Industrial processing ovens or furnaces operating at approximately atmospheric pressures and temperatures not exceeding 1,400 degrees Fahrenheit which are heated with oil or gas fuel or which contain flammable vapors from the product being produced.
- ii. Wrecking yards, junkyards, outdoor used tire storage, waste material handling plants, and outside storage of forest products not otherwise classified.
- iii. The storage, handling, or discharging of fireworks.
- iv. Unoccupied or vacant buildings or structures 100,000 square feet or more in gross floor area.

TYPE 4 PERMITS

- i. Storage or use at normal temperatures and pressure of not more than 2,000 cubic feet of flammable compressed gas or 6,000 cubic feet of nonflammable compressed gas.
- ii. The production or sale of cryogenic liquids, the storage or use of more than 10 gallons of liquid oxygen, flammable cryogenic liquids or cryogenic oxidizers or the storage of more than 500 gallons of nonflammable, non-toxic cryogenic liquids.
- iii. The storage, handling and process of flammable, combustible and unstable liquids in closed containers and portable tanks in aggregate amounts of more than 660 gallons.
- iv. To store or handle (except medicines, beverages, foodstuffs, cosmetics, and other common consumer items, when packaged according to commonly accepted practices).
 - (1) More than 55 gallons of corrosive liquids.
 - (2) More than 500 pounds of oxidizing materials.
 - (3) More than 10 pounds of organic peroxides.
 - (4) More than 500 pounds of nitromethane.
 - (5) More than 1,000 pounds of ammonium nitrate.
 - (6) More than one microcurie of radium no contained in a sealed source.

- (7) More than one millicurie of radium or other radiation material in a sealed source or sources.
- (8) Any amount of radioactive material for which a specific license from the Nuclear Regulatory Commission is required.
- v. More than 10 pounds of flammable solids.
- vi. The melting, casting, heat treating, machine or grinding of more than 10 pounds of magnesium per working day.

THE APPLICATION FEE FOR A PERMIT SHALL BE AS FOLLOWS:

- 1. TYPE 1 - \$54.00
- 2. TYPE 2 - \$214.00
- 3. TYPE 3 - \$427.00
- 4. TYPE 4 - \$641.00
