LAKEWOOD FIRE DEPARTMENT JOINS NEIGHBORS APP TO ENHANCE COMMUNITY SAFETY

The Lakewood Board of Fire Commissioners along with Fire Chief Jonathan T. Yahr, Fire Prevention Specialist Sima Clapman and the members of the Lakewood Fire Department is pleased to announce its collaboration with the Neighbors app, a neighborhood safety network powered by Ring. By joining the Neighbors app, the Lakewood Fire Department aims to strengthen its connection with the community and enhance overall safety within the neighborhood.

The Neighbors app allows residents to share real-time, local crime and safety information with their neighbors and law enforcement agencies. Through this partnership, the Lakewood Fire Department will be able to communicate important updates, safety tips, and emergency alerts directly to residents, fostering a sense of community and improving emergency response coordination.

Chief Yahr expressed enthusiasm about the collaboration, stating, "We are committed to ensuring the safety and well-being of our community. Joining the Neighbors app enables us to engage with residents in a new and innovative way, empowering them with timely information that can make a significant difference in emergency situations."

Residents are encouraged to download the Neighbors app to stay informed about local incidents, share suspicious activity, and receive real-time updates from the Lakewood Fire Department. By working together, residents and the Lakewood Fire Department can create a safer environment for everyone in the community.

To download the Neighbors app, simply visit the App Store or Google Play Store and search for "Neighbors by Ring." For more information about the Lakewood Fire Department, please visit our website at www.lakewoodfd.org.

The graphic features the Neighbors logo (a blue circle with three white figures) and the text "Neighbors" in blue. Below it, the headline "We've Joined Neighbors." is written in a large, grey, sans-serif font. Underneath the headline, a smaller line of text reads: "Now you can receive real-time crime and safety updates from an official source. By working together, we can help make our neighborhoods safer." At the bottom left, there are two black buttons: "GET IT ON Google Play" with the Google Play logo and "Download on the App Store" with the Apple logo. To the right of these buttons is a QR code. The background is a light blue grid with illustrations of a fire truck and a hand holding a tablet displaying a person's profile. The Ring logo is in the bottom right corner.
