FIRE COMMISSIONERS ANNOUNCE THE DELIVERY OF ITS NEW COMMAND VEHICLE

The Board of Fire Commissioners of Lakewood Fire District No.1 along with Fire Chief Jonathan Yahr are proud to announce the delivery of its new command vehicle. This new vehicle is the most recent example of the Board of Fire Commissioners commitment to investing in the infrastructure and equipment needs of the Lakewood Fire District.

The command vehicle was designed to accommodate the growing needs of the fire department in its effort to provide outstanding service to the community. This newly designed command vehicle with its extra storage capacity allows for an extensive array of incident command equipment. This will greatly benefit the Department in deploying its resources as needed.

The Board of Fire Commissioners would like to thank the Lakewood Community for its continued support.
